

JEROME ARRIVES IN SHERBROOKE

Thaw Conceals Any Terror He
May Have for the Coming of
His Old Prosecutor

NO OPPORTUNITY TO APPEAL

Former Governor Stone Asserts Thaw Has
No Opportunity to Appeal Case as Can-
adian Has and Questions Treaty Rights

PRISONER PREPARES PRESS STATEMENT

SHERBROOKE, Que., Aug. 25.—The arrival of William Travers Jerome, Harry Kendall Thaw's old prosecutor, the assumption by former Governor William A. Stone of Pennsylvania of the position of spokesman here for the Thaw family pending the coming of Roger O'Mara, the Pittsburgh detective, and the injection into the case of renewed talk of assuming international aspects were briefly the chief developments of the day in Sherbrooke since the night Stanford White's slayer fled from Matteawan. If Thaw was terrorized by Jerome's coming he succeeded in concealing his feeling to all who visited him in his cell. Again he spoke of Jerome sneeringly, calling him "Willie."

Of the lighter incidents of a day of excitement—exciting principally because of what might happen—was Thaw's show of temper over the fact that his breakfast was ten minutes late and his continued erratic statements relative to plans for the public campaign.

International Aspect.

The possibility of an international twist in the case came when former Governor Stone raised the point that a Canadian, embroiled in the dominion's ironclad immigration law regulations, would doubtless have a right to appeal to the courts. Thaw, it had been said, would have no such privilege, no opportunity to appeal should he be ordered deported, except to the minister of the interior at Ottawa. Mr. Stone regarded this as contrary to the treaty between Canada and the United States guaranteeing to American citizens before Canadian courts the same rights as Canadians.

"In my opinion," said Mr. Stone, "the snow will be deep in Sherbrooke before Thaw leaves Canadian soil."

None of the contingent of Thaw's Canadian lawyers would commit themselves as to whether they shared Mr. Stone's views, although all conceded that the constitutionality of the drastic immigration law—a comparatively new one—had never been tested in the courts.

Jerome Arrives via Auto.

Mr. Jerome arrived by automobile about 1:45 o'clock this afternoon. He said he had not followed in New England the route taken by Thaw for the reason that he did not know it. He did, however, go over the ground in a general way.

"The question of extraditing Thaw from Vermont," he said, "will rest entirely with the governor. Politicians sometimes enter into cases of this sort. Both sides can present their case to the governor in the form of briefs, then it is up to the governor to do just as he pleases. The relations of our states are uncertain in the matter of extradition."

Mr. Jerome spent the afternoon in conference with S. E. Conger, district attorney of Dutchess county, N. Y., and the Canadian lawyers retained to represent the New York interests in court.

So many versions were current of what will happen after Thaw is turned over to the immigration authorities that it was a case of take your choice.

This led to the belief that at Ottawa and Ottawa only, would the decision be reached. It could not be determined here whether the immigration board's hearing would be held in Coaticook or Sherbrooke.

Tonight it was said that it would be necessary to take the prisoner to Coaticook, a port of entry, and hold the session in the so-called immigration shed. The questions which will be fought out are whether he is an undesirable alien, either as a lunatic or a person confined in a lunatic asylum within a period of five years, or a person who crossed the border by stealth and misrepresentation.

Norton Mills, Vt., a station about ten miles southeast of Coaticook, is the point tentatively selected for handing Thaw back across the border. In anticipation of this the New York interests, it was said, were laying plans for his immediate detention once he is on Vermont soil on the warrants issued at Poughkeepsie charging Thaw with conspiring with Howard Barnum, the old Matteawan gatekeeper, and others, in his plot to escape. Whether the Vermont authorities will regard such a warrant as void, inasmuch as Thaw is legally a lunatic in New York, not charged with any crime is problematical.

Gives Statement to Press.

As a step in hatching his publicity campaign Thaw gave to the local Sherbrooke Daily today a personally prepared statement. In part it said: "In Vermont we know there are good Americans and that—not on my account, but from uprightness—they won't allow any trickery to be used against anyone."

"In Matteawan I saw a good deal of an old Vermont lawyer, Arthur

MULHALL LOSES TEMPER UNDER QUESTIONING

IS CLOSELY QUESTIONED BEFORE HOUSE LOBBY COMMITTEE

McDermott's Attorney is Called a Liar by the Witness, Who Also Threatens to Throw a Glass at the Lawyer For His "Dirty Insinuations and Insults."

WASHINGTON, Aug. 25.—Martin M. Mulhall, author of the expose which pictured the National Association of Manufacturers as the maker and breaker of many congressman, was questioned closely before the house lobby committee today about his trip in the spring of 1912 to help J. T. McDermott in his primary campaign, when he swore, he spent 22 days in Chicago and got back to Baltimore on April 19th. The \$250 check from Harold F. McCormick to the McDermott fund which Mulhall cashed in Baltimore, figured again in the testimony.

Attorney Jas. Easby Smith for McDermott, read a letter Mulhall wrote to I. H. McMichael in June in which he referred to his return to Baltimore on April 9th.

"That's the time you did get there, Mr. Mulhall," said Attorney Smith. "I want to state positively," said Mulhall shaking his finger at the lawyer, "that man's a liar."

Chairman Garrett of the committee ordered the remarks stricken from the record and cautioned Mulhall to refrain from using such language.

Easby-Smith promised to produce witnesses to swear that Mulhall cashed the \$250 McCormick check in Baltimore about April 9th.

Mulhall became angry again when the lawyer pressed him for an explanation of one of his expense accounts referring to the employment of a stenographer to do work in the secret room in the capitol.

The lawyer asked him point blank if he had not made out a false account.

"That's a dirty insinuation," shouted Mulhall. "If that gentleman don't stop this I'll throw a glass at him. This is the second time he has insulted me."

Mulhall admitted several discrepancies in his testimony but explained them as being "typographical errors."

DUNNE SPENDS BUSY DAY AT GOVERNOR'S DAY CELEBRATION

Is Only Executive to Reach Keokuk For Celebration in Connection With Dedication of the Big Dam.

Keokuk, Ia., Aug. 25.—Governor Edward F. Dunne of Illinois was the only executive who adhered to his original schedule and reached Keokuk for the Governor's Day celebration in connection with the dedication of the \$27,000,000 dam.

Governor Dunne, accompanied by Mrs. Dunne, the Misses Eileen and Mona and Morris Dunne, spent a busy day.

Governor Dunne inspected the dam, talked to the people of Illinois, crossed the dam in a special car, met the committee and Missouri parties at the power house, invited them to embark with him on the training ship "Illinois" and made a speech on board the boat. This evening he and his family left for Colorado Springs.

Missouri was represented officially by Justice C. B. Ferris and Assistant Attorney General B. F. Rutherford of Jefferson City.

The formal exercises of dedication will take place tomorrow. Governor George W. Clark of Iowa and former Congressman W. P. Hepburn will be the principal speakers.

ALLEGED EMBEZZLER ARRESTED.

Chicago, Aug. 25.—George O.桑格, for nineteen years an employee of Armour & Co. at Quincy, Ill., was arrested here tonight on a charge of embezzlement. He is alleged to have been \$2,000 short in his accounts when he left Quincy two weeks ago.

Austin. Mr. Austin may have suffered from a mental disease some years ago, but after 1908 he was sane, yet was being kept apparently for life.

In 1911 Mr. Austin, who had already been sane for three years, was still in the most hideous madhouse, with apparently no hope. In 1911 a friend of mine and I started to expose.

"During these exposures we took out sane patients by wits and though my influence was too small to help other Mr. Austin was freed. For several months I gave him employment until early this year, he went out west to the home of his son.

"Vermonters have communicated with counsel and me and one thing is sure; no subterfuge from New York county can pull wool over their eyes. No grand jury can be got even by packing that would indict me on the trumped up charge now whispered about and no self-respecting one of the states would assist the fixers of this fictitious charge."

Thaw had a clash with the old jail governor, LaForce, over an old newspaper. The governor started to pick up a sheet that lay on the floor. "Don't touch the paper," cried Thaw.

"I was only going to remove it," said LaForce.

Thaw took newspaper from LaForce's hand. It had been folded so that a picture of Evelyn Nesbit Thaw could be seen.

READS MESSAGE TO COMMITTEES

President Wilson Confers with Senate and House Committee On Foreign Relations and Affairs

IS MESSAGE OF FRIENDSHIP

Message Records Views On Constitu-
tional Government and Announces Huerta
Administration Will Not Be Recognized

LIND WILL LEAVE MEXICO CITY TODAY

WASHINGTON, Aug. 25.—President Wilson will read his message on the Mexican situation at the capitol tomorrow. This was decided to-night, following the receipt of a message from John Lind, personal envoy of President Wilson in Mexico that he had said good-bye to Foreign Minister Gamboa and would leave Mexico City tomorrow. Negotiations so far as Mr. Lind is concerned have been terminated.

The United States will receive any further proposals through Charge d'affaires O'Shaughnessy of the American embassy.

The policy of the United States was outlined to the members of the two congressional committees on foreign relations tonight at a conference at the white house by President Wilson and Secretary Bayard.

The president's message was confirmed by the members of the committee.

The message makes it plain that there will be no lifting of the embargo on arms; that no nation or government in Mexico will be allowed to receive munitions of war from the United States. If necessary the president expects to increase the American border patrol to enforce this policy.

President Wilson read tonight to the members of the senate committee on foreign relations and the house committee on foreign affairs, Republicans as well as Democrats, the message on the Mexican situation which he will deliver in person tomorrow to a joint session of both houses of congress. It is a message of friendship, not hostility, and precedes a policy of absolute non-interference. It proclaims to the world the sympathetic feeling that the United States government and the American people have for their neighbors in the rebel torn Republic south of the Rio Grande. It records the views of the United States on constitutional government, its unalterable opposition to governments set up by the irregular and arbitrary acts of ambitious individuals and formally announces that the government of Victoriano Huerta shall not be recognized.

The efforts of the United States to bring about a peaceful settlement of the difficulty through the representations made by John Lind, special envoy of President Wilson, are outlined, as well as the answer of the Huerta government.

Reviews Peace Proposals.

The United States had proposed that a constitutional election be held and that Huerta should not be a candidate. To these suggestions, through which the United States believes peace could be restored, Huerta has replied in the negative.

Foreign governments generally, since that rejection, have been active in support of the American policy to persuade Huerta to yield.

There was still some hope at the white house tonight that word of concessions may be telegraphed from Mexico City before the president goes to the capitol tomorrow to read his message, a circumstance that would defer the reading of the message and perhaps result in an abandonment of the idea at this time.

Will Show Efforts of U. S.

The effect of the message, it is hoped by administration officials, will be to convince the world of the sincere efforts of the United States to bring about peace and forestall pressure that might otherwise have been exerted by foreign governments for a sterner policy toward Mexico.

Having exhausted every avenue of influence on the Mexican authorities, the administration does not feel compelled to intervene by force of arms to establish its views.

Every opportunity will be given to American citizens to withdraw from the danger zones and strict neutrality in shipments of arms will be observed.

The report which was prepared by expert accountants of this city at the request of Mayor Chamberlain, states there were gross irregularities in the city's book-keeping during the two years beginning May 1, 1911.

It charges further that redeemed bonds are missing from the city's files; that bonds already sold have been duplicated and that the duplicates are purchasable at any time.

City officials have been permitted to escape payment of taxes. THE TIME TO GET TOGETHER.
At the city council session Monday morning the school tax levy ordinance was passed without the provision for the completion of the fund for the erection of an eighth grade building. It was stated that this was done to impress upon the board members that the council would pass the special building fund levy only after the board members had come to a unanimous agreement.

Whether or not this is the case it will be good policy for the board members to settle their differences and by mutual compromise agree upon the plans for the proposed building. The vacant lot is ready, the greater part of the fund has already been raised, there is little activity in the building line and bidding for the contract would be spirited. When these things are considered and remembered it would seem the course of wisdom for the members to forget personal differences, if there be any, to "give and take" in their preferences as to the arrangement of the building. The plans as revised by Mr. Buckingham provide in addition to other rooms ten distinctly for recitation purposes. The plan which Mr. Rogerson advocates provides twelve such rooms. In this respect there is not a vast deal of difference. Probably in other details the two plans do not vary to a great extent. Certain it is that either building will provide ample facilities for eighth grade work for many years to come unless there is much more rapid growth of population than there has been in the past.

The council members have expressed a willingness to vote for a building fund appropriation if given definite assurance that the completed building will cost not more than \$75,000. The board members have agreed on many of the larger considerations in the proposed building. Now is the proper time for them to come to an understanding about the minor details. Then it will be possible to proceed with the building and local business generally will feel the benefit of the money put into circulation.

KENTUCKY DRILLS

The Kentucky force feed is a force feed in the strictest sense of the term, and it sows all seeds from flax to treated wheat, with unvarying accuracy. The range of quantities is very great and the operator is not obliged to sow a peck or a bushel every time a variation in quantity is desired. In fact, the Kentucky fluted force feed will enable the user to regulate the quantity to sow as low a fraction as a quart or pint. One slight movement of each indicator lever sets every feed on the drill. Call and take a look at them.

This Action Was Taken at Meeting

formed him that the council could compel the county commissioners to put down a new walk around the court house of the commissioners did not voluntarily take such action. Some of the flag stones are lower than others and the walk is now considered to be in a dangerous condition. Mayor Davis said that the mere notice to the county that the city would not be responsible for any personal injury damages resulting from the poor sidewalk would not relieve the city from liability.

Commissioner Brennan said that the estimated cost for a 16 inch cast iron pipe from Morgan Lake to the city pumping station is \$9,000. The pipe itself would cost about \$7,000.

Mr. Brennan also reported that the city had been getting its entire supply of water from the Widenham-Daub wells for a little more than two weeks and that he believed the wells of sufficient capacity to supply the city's needs. He said further that he visited the wells Sunday and that the pumpers told him the flow was just as good, or better, than it had been when they first began to pump.

He thought that if the wells are to be used continuously that a smaller pump should be installed there as it would work more satisfactorily and with less expense. In that event a smaller pump would be used for the regular every day service and the larger pump as a reserve.

New Pump Suggested.

Mr. Newman referred to a building he had seen in Virginia, Minn., where the arrangements were such that all pupils had light at the desks over their left shoulders.

Saps Revised Plans Were Ordered.

Mr. Bavington said that the discussion seemed all out of order, that Mr. Hall had made a motion at a meeting of the board providing for a revision of the plans and that the plans had been revised, and that the specifications made, and that here they were.

Mr. Newman asked if the original plans had not been prepared by a St. Louis architect and Mr. Buckingham said they had been prepared by him. Mr. Bavington wanted to know where Mr. Newman got that idea and the commissioner replied that Mr. Prince told him. Mr. Bavington said there was a mistake somewhere, for he had been in the office day after day while Mr. Buckingham was preparing the plans.

Mr. Newman said that he was in favor of passing the portion of the ordinance providing for the general fund and letting the rest go.

Mayor Davis suggested that if the council desired to take action of that kind that the proper form of a motion would be to strike out the special funding fund appropriation.

Mr. Knollenberg, with a second by Mr. Newman made this as a motion. Mr. Engel asked what the purpose of the motion was, as he said he should want some information before voting on the matter. Mr. Newman replied that the idea was for the members of the board to come to an understanding between themselves as to the plans for the building and that after such an agreement had been reached the council would be in a position to take action.

Mr. Davis said that the discussion between the members of the board and the commissioners about the plans and specifications was out of order and that the council should proceed with its business.

Special Building Fund Killed.

The motion to strike out the special building and repair fund of \$25,000 was carried by a vote of 4 to 1. Mayor Davis voting against the measure. Then the tax levy ordinance, providing for the general school expenses was adopted. If the council desires to pass another ordinance providing for the special fund it can still take action of that kind, providing the ordinance is on file with the county clerk by the third Tuesday of September.

Mr. Newman asked when the council was going to consider the street car franchise and Mayor Davis said that at a recent meeting he, and all other members of the board, did vote to instruct the architect to revise the plans to erect a building to cost not more than \$75,000 complete. This action he said, however, did not call for specifications nor approve the plans, and that so far as he was concerned the plans as revised were not satisfactory.

Commissioner Newman who had been asked to investigate about the entrance or cellar way at the Cool building corner East State street and square gave it as his opinion that some changes are needed and the city attorney was directed to notify the owner.

The Court House Walk. In this connection Mayor Davis said that the city attorney had in-

TWO WOMEN SAVED FROM OPERATIONS

By Lydia E. Pinkham's Veg-
etable Compound — Their
Own Stories Here Told.

Beatrice, Neb.—"Just after my marriage my left side began to pain me and the pain got so severe at times that I suffered terribly with it. I visited three doctors and each one wanted to operate on me but I would not consent to an operation. I heard of the good Lydia E. Pinkham's Vegetable Compound was doing for others and I used several bottles of it with the result that I haven't been bothered with my side since then. I am in good health and I have two little girls."—Mrs. R. B. Child, Beatrice, Neb.

The Other Case.

Cary, Maine.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached. I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation, but my husband thought I had better write to you and I did so, stating my symptoms. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your Vegetable Compound."—Mrs. HAYWARD SOWERS, Cary, Maine.

had seen nothing of the proposed franchise and could not talk about it intelligently until copies had been furnished them by the city attorney.

Mr. Newman said later that he had secured the copy of the franchise which he had presented, from the city attorney, Saturday when he called at the office of the attorney and asked for the document. Mr. Newman suggested that the members of the council get together at some early day to discuss this franchise and the other proposed franchises and it seemed to be the idea that as soon as the chautauqua is out of the way that such a meeting will be held.

After this discussion the council adjourned.

TO PROMOTE HYGIENIC

WORK IN THE SCHOOLS.
Fourth International Congress Be-
gins Sessions in Buffalo.

Buffalo, N. Y., Aug. 25.—The fourth international congress on school hygiene, for which preparations have been making for many months, was opened in this city today with an attendance remarkable for its size and representative character. While the majority of the delegates, as was to be expected, come from the United States and Canada, there are many and eminent representatives here from the nations of Europe. Noted educators, scientists, physicians, health officers and civic welfare workers to a total running into the hundreds have registered. For an entire week they will exchange views and listen to papers and addresses on every important phase of work having to do with improving the health and efficiency of school children.

The present meeting is the fourth triennial session of the International Congress on School Hygiene. The congress was organized at Nuremberg in 1904. The second meeting was held in London in 1907 and the third in Paris in 1910. Twenty-five nations have membership on the permanent international committee of the congress.

Among the topics that will be considered by the congress during the week are the following: The relation between school hygiene and home conditions; rural school hygiene, school children as carriers of disease, the relation of athletics to health; eye disease among school children, the hygiene of play, the hygiene of the defective child, and the relation of spinal curvature and flat feet to the health of the child.

Numerous papers to be presented by experts will treat of open air schools, summer camps, rest rooms, school architecture, the prevention of epidemics, school nurses, and school decorations.

Mayor Davis said that the discussion between the members of the board and the commissioners about the plans and specifications was out of order and that the council should proceed with its business.

The subject of "Open Air Schools" will be given particular attention. Speakers from numerous cities will deal not only with the work of the open air schools, but also with the effect of the open air treatment upon the pupils.

A symposium on "Sex Hygiene" will be conducted under the auspices of the American Federation of Sex Hygiene. Prominent among the speakers who will be heard are United States Commissioner of Education Philander P. Knox, Dr. Hugh Cabot of the Massachusetts general hospital, President William T. Foster of Reed college, and Dr. Thomas M. Balliet of New York university.

The American Physical Education association will conduct a symposium on "Physical Education in the Public Schools." "Tuberculosis Among School Children" will be discussed under the auspices of the Society for the Study and Prevention of Tuberculosis. The Society for the Prevention of Blindness will conduct a symposium on the "Conservation of Vision in School Children" and the Illuminating Engineering society will conduct a similar discussion on the subject of school illumination.

Obstinate Acne Quickly Yields

Fine Remedy that Clears
Skin of Pimples on Cheeks,
Temples, Sides of Nose
and Chin.

Acne attacks the glandular structures of the skin, more particularly those tiny glands that secrete fat.

And it is here that S. S. S., the famous blood purifier is most active in its influence.

There is one ingredient in S. S. S. the purpose of which is to stimulate the cells in the tissues that they select from the blood the nutriments and makes new skin and thus eliminates all irritants, acids and irritants that inflame the glands. There is a natural tendency of the fine network of blood vessels in the skin to throw off impurities, but where a persistent inflammation process has invaded the skin, the natural repair work of the blood is interfered with. It requires the stimulating activity of S. S. S. to overcome such morbid conditions. If you have been troubled with acne, do not despair of a cure.

You can get S. S. S. in any drug store but insist upon having it. Take no chance with a substitute. And if your blood condition is such that you would like to consult a specialist freely, address the Medical Dept., The Swift Specific Company, 181 Swift Bldg., Atlanta, Ga.

It was a strange scene that was enacted at the Polo grounds in New York on Saturday. For the first time in the history of the game in Gotham, the crowd, numbering 30,000, turned against the Giants and rooted for the visiting team. The Cubs were shamefully beaten by the umpires, Ragle and Byron, and the crowd did not fail to so inform the arbiters with a continual howl of derision.

Summary.

Two base hits—Evers, Lavender, Smith, Yingling. Three base hits—Leach, Wheat. Bases on balls—Off Lavender, 3; off Allen, 2; Struckout—By Allen, 1; by Humphries, 2; by Yingling, 2; by Lavender, 2. Umpires—Brennan and Eason.

It was a strange scene that was enacted at the Polo grounds in New York on Saturday. For the first time in the history of the game in Gotham, the crowd, numbering 30,000, turned against the Giants and rooted for the visiting team. The Cubs were shamefully beaten by the umpires, Ragle and Byron, and the crowd did not fail to so inform the arbiters with a continual howl of derision.

PEOPLE THRONG CHAUTAUQUA TENT

MUSIC DAY PROVES BIG DRAW- ING CARD.

Chicago Operatic Company and Dr. Walter Aitken's Lecture Features of Yesterday's Program—Permanent Chautauqua Organization to be Discussed Wednesday Evening.

Today's Program.
9:00. Boys' and Girls' club.

10:30. Physical culture hour. How to put on or lose flesh.—Miss Margaret Hemenway.

2:00. Grand musical festival. Innes Orchestra band of New York. Fifty great musicians, grand opera soloist, saxophone quartet, French horn quartet, etc. Mr. Innes, the great band master, will be present and personally conduct the music for the entire day.

4:00. Scotch series, No. 2, "Robert Lewis Stevenson"—Dr. Walter Aitken.

7:45. Grand musical festival program. Innes orchestral band. The largest and finest chautauqua band in America. Miss Van Loon, grand opera soloist; Mr. Franklin, the greatest flutist from Boston. Grand Opera orchestra and many other noted specialists will make this the greatest musical number of the entire festival.

Two more days of the chautauqua of 1913 are history and they have been grand success. The attendance far exceeds that of the corresponding days of last year and certainly the program leaves little to be desired. The committee in charge of that department has done its work faithfully and well and secured a list of attractions which are fine. The attendance Sunday was a record breaker and all who attended were well repaid for their effort. Rev. Charles Reign Scovill is a powerful man and has something to say that is well worth hearing. His two discourses were heard with deep interest and all went away feeling they had been edified and instructed.

The concert by the Jeffries band was excellent as usual and the reading by Miss Hemenway was superior as ever. The Royal Austria-Hungarian orchestra charmed all who heard their music and as a whole the day was all that could be desired.

Although Monday was a 50-cent day the attendance was good for the bill called for talent of superior merit and none were disappointed.

In the morning Miss Hemenway had her boys' and girls' club which was entertaining and instructive and later came the physical culture hour for women and a good many presented themselves. Among the interested partakers was a lady 78 years of age. She said she had been cooking for six or eight men and she wanted to find out anything that would help her in her work. The whole time was well and profitably spent.

The Royal Austria-Hungarian orchestra is a superior organization whose members are:

Carl F. Crossman, first violin and conductor.

R. J. Harlick, second violin.

B. Kalowsky, violin.

Fred McGibney, bass.

Carl Schiltz, cello.

J. Parkeson, clarinet.

S. Veres, cymbalon.

Their playing both Sunday and Monday was charming and called forth many handsome compliments.

Monday Afternoon. In the afternoon Monday the Austria-Hungarian orchestra again charmed the people and after them came the Chicago Operatic company. This was one of the best features of the affair so far. The members of this superb organization are:

J. B. Middleton, tenor.

Arthur Middleton, bass.

Miss Leonora Allen, soprano.

Mrs. Frederika Downing, contralto.

Edgar Nelson, pianist.

Of course nothing like a critical notice of this famous organization will be attempted, suffice to say they were received with tumultuous applause and complimented with numerous encores. The members are all stars and persons of ability seldom equalled and here were at their best. Their work was highly complimented by all who heard them even if not trained musicians.

The following was their program: Quartet from *Rigoletto*-Verdi.

Duet from "The King" Delebo.

Soprano and alto.

Solo from the Bohemian Girl.

Then you'll remember me." Mr. Miller.

Solo, "My Heart at the Dear Saint-Saens.

Trio, *Pralse*, from *Attila*.

Soprano, tenor and bass.

Solo, Love's echo. Merton.

Soprano.

Solo, Danny Dean. Damrosch.

Bass.

Duet, *Home to Our Mountains*.

Verdi. Tenor and contralto.

Quartette, Arrangement of Sextette from Lucia. Donizetti.

Following this came a rare treat in the lecture by Dr. Walter Aitken of Bloomington. It was the first of three Scotch series and this time the theme was Robert Burns.

Dr. Aitken is a fine gentleman and is rapidly coming into prominence as a lecturer and deservedly so.

The gentleman was born in Stirlingshire, Scotland, June 22, 1869, and was the son of a sturdy Scotch farmer who reared his family in the nurture and admonition of the Lord. At the age of 24 he came to this country and says his second Sunday in America was spent in Jacksonville. He arrived the latter part of August and went to Springfield and took charge of a mission work for a year and then joined the conference of which he has since been a member. He has been stationed at Williamsburg, Monticello, Charles-ton, Danville First and Bloomington Grace, his present charge.

He was reared a Presbyterian but at the age of 12 he attended a revival service conducted by Wesleyan Methodists and at once united with them and at the age of 18 began to preach. He is a fine gentleman with a pleasing delivery. The reporter can also testify to the gentleman's charming personal qualities as he crossed the sea with him a few years ago and had him for a roommate.

What was said of the same effort elsewhere is so true of him here that it is quoted.

Dr. Aitken had a good subject and he proved himself easily equal to it. Burns is intensely human and the man who essays to faithfully portray the great poet must himself have that quality in a high degree. The lecturer beautifully touched upon the difference between nature and art. It is this that gives Dr. Aitken his charm as a public speaker. His presence, his mannerisms, the flow and rhythm of his voice like soft music, all had a naturalness that is in refreshing contrast to the artificial edges of the professional platform orator. The venerated Scotch Bard in a time when letter of religion was spoken but the spirit lacking had himself religion in its highest essence. The spark divine that made him the poet that he was also immersed him in the faithfulness of God and the brotherhood of man idea, human equality and correlative rights and duties. Dr. Aitken's discourse breathed this feeling with such artless frankness that he kept keen the heart qualities of his hearers, while his deep earnestness held their closest attention.

He told of the life of Burns, of the environment in which he was reared, of the scenes that his verses have immortalized; he narrated the circumstances that brought out many of the poet's best productions; he explained the gifted man's frailties, his depth of despondencies and passions and his heights of serenity and happiness. Dr. Aitken showed astonishing familiarity with Burns lore. He recited a number of the choicest passages, but only to point out morals incident to the theme, and always with good taste and fine effect.

The speaker was warmly applauded throughout the evening and at the close numbers gathered about him to acknowledge the pleasure his lecture had afforded.

The evening program was also fine and consisted mainly of music. The Austro-Hungarian orchestra gave the first part and then the Chicago Operatic company had the boards and among other things gave a scene from Romeo and Juliet which was fine and elicited loud applause.

To Form Organization.

There is a movement on foot to form a permanent chautauqua organization and to that end the following committee has been appointed by Dr. C. E. Black as chairman and Paul B. Fritchey, secretary. The members are requested to meet at headquarters tent on the grounds Wednesday evening at 7 o'clock to discuss the matter. The following are the members of the committee appointed: Dr. C. E. Black, Paul B. Fritchey, C. R. Knollenberg, Frank J. Heinl, W. T. Wilson, Dr. Josephine Milligan, Mrs. David Reid, Dr. C. H. Rammelkamp, Dr. J. R. Harken, G. W. Brown, S. W. Nichols, Mayor George W. Davis, Rev. Father Crowe, John J. Reeve, Judge E. P. Brockhouse, George T. Beekman, A. C. Rice, J. Weir Elliott, Frank Byrns, Dr. F. A. McCarty and C. L. Mathis.

There is no slight meant toward the Chamber of Commerce, but it is thought that organization has enough to do without managing a chautauqua. It is mentioned by some that a new steel auditorium would be a good thing for the place and tend to bring here many good conventions and the like. At any rate the matter is to be well discussed tomorrow evening and it is hoped that all members will be present.

Notes.

More tents are going up all the time and a gentleman remarked yesterday that he did not believe the park would hold the tents that would seek accommodations next year.

Chicago & Alton trains north at 5 o'clock and south at 8:45 stop at the Vandalia crossing and so far have been well patronized.

George T. Beekman was asked to lead the singing Sunday and did it most admirably.

The bell is hung to a limb of a tree, but still it does good work, only it has to be used in a primitive fashion.

Dr. Scoville forgot and left a pocketbook with \$120 in it, also some keys and papers. Showing how honest they are at the chautauqua grounds he received his pocketbook and money after wiring for them, but the papers came up missing.

The D. O. K. K. and K. P. tent does a good business, making people feel at home.

Miss Allen, Mr. Middleton and Mr. Miller of the Chicago Opera company were pupils of Mrs. Genevieve Clark Wilson, who is to be a teacher of vocal culture in the Conservatory this year.

The campers have formed a permanent organization and meet each night after the regular program for a time. Last evening was watermelon date and it is needless to add that all had a famous time. Part of the program consisted of two readings by Rev. E. B. Houck. The committee especially in charge was Mrs. C. R. Knollenberg, Rev. J. A. Biddle and Paul B. Fritchey.

The telephone service with the city is good, both phones being established on the grounds.

Two more ice water tanks have been placed in service and now there is an abundance of drinking water for all.

A new well has been dug by the park commission on the ridge just north of the gun club building.

The best of order seems to prevail and all have the utmost reason to feel safe.

An inapt runaway was stopped.

by Custodian Kelley before any serious damage was done. This comes the newest to being an accident on the grounds that has yet occurred.

Though the bridge driveway is narrow the management of the police is so good no trouble has ensued.

QUICK RELIEF FOR RHEUMATISM

George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked on for breakfast." Sold by L. P. Alcott, druggist.—Adv.

THOMAS HARBER IS APPOINTED
TO ASSISTANT POSTMASTERSHIP

Has Been Employed at Local Post-office for Fifteen Years and Is Familiar With All Classes of Work—Postmaster Announces Other Changes.

Thomas Harber, for fifteen years an employee of the Jacksonville post-office, was recommended by Postmaster John J. Reeve for the position of assistant postmaster and the appointment has been confirmed by the department at Washington. Information to this effect was received Monday. Mr. Harber's appointment is made to fill the vacancy caused by the sudden death of the late J. W. Harney. The position is under civil service and the salary is \$1,500 a year.

Mr. Harber entered the service fifteen years ago after moving to Jacksonville from a farm. His first work was in the distribution of papers and he has had experience in all the departments of the office. He is popular with his associates and the public and is accounted a very efficient and obliging official. For about seven years Mr. Harber has been in charge of the money order department and when the postal savings law went into effect he took over that work.

As the result of Mt. Harber's pre-emptive Postmaster Reeve has announced several changes. John Kearns, who has been registry clerk will move to the money order and postal savings window. A. B. Kent, who has been a distributing clerk, will take up the work. Mr. Kearns has had and E. D. Herald, who has been night clerk, will now become a distributing clerk. The position he vacates will be taken by J. H. Brown, who is the senior substitute.

Another change which has just been announced is that the title of easier and superintendent of mails now belongs to John B. Siebert, who is one of the long time and faithful attaches of the office.

DON'T BE MISLED

Jacksonville Citizens Should Read
and Heed This Advice.

Kidney trouble is dangerous and often fatal.

Don't experiment with something new and untried.

Use a tested kidney remedy.
Begin with Doan's Kidney Pills.
Used in kidney troubles 50 years.
Recommended here and everywhere.

A Jacksonville citizen's statement forms convincing proof.

It's local testimony—it can be investigated.

Mrs. Eva Martin, 902 Hackett avenue, Jacksonville, Ill., says: "I have taken Doan's Kidney Pills for several years and I know them to be a good, reliable remedy. When I have a pain in my back and my kidneys do not act regularly, I get Doan's Kidney Pills at Armstrong's Drug Store. They bring me great relief and I have no hesitation in saying so."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

DEMOCRATS HOPE TO

WIN IN MAINE.

Augusta, Me., Aug. 25.—The Democratic campaign in the Third congressional district, where an election is to be held September 8 to choose a successor to the late Congressman Goodwin, was begun today in earnest. The national committee has sent Representatives Cull of Indiana, Murray of Massachusetts and Reilly of Connecticut to fire the opening guns. Later it is expected Secretary of Commerce Redfield and possibly Speaker Clark will be heard in several speeches. The Democrats have decided to stand squarely by the tariff measure now pending in congress. The Democratic speakers also will give considerable attention to the Mulhall charges regarding election aid given former Representative Littlefield of Maine, for many years a Republican leader.

A PICTURE FOR THE GODS.

Monday afternoon loungers in the city square and people passing through were treated to a sight that would have tickled the cackles in the hearts of Jay Hambidge, Gibson and other artist illustrators of magazine covers. Astride of the buttock of the cannon on the south side of the west walk was a little colored lad, his face buried in a crescent shaped piece of watermelon. When a Journal attache stopped and asked him if that was a Georgia peach he was munching, he replied: "No, sah, dis am no Georgia peach; this am a watermelon from Mer'dosa."

Diarrhoea Quickly Cured.

"I was taken with diarrhoea and Mr. Yorks, the merchant here, persuaded me to try a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After taking one dose of it I was cured. It also cured others that I gave it to," writes M. E. Gebhart, Oriole, Pa. That is not at all unusual. An ordinary attack of diarrhoea can almost invariably be cured by one or two doses of this remedy. It is one of the most successful preparations that has been discovered. Thousands have testified to its value. For sale by all dealers.

Mrs. Rhoda Long gave a birthday dinner Saturday in honor of her husband, Arthur Long, and the Misses Casey Fanning and Margaret Clancy.

A five-course dinner was served and the day, as a whole, was very pleasantly spent. Mr. and Mrs. Long received many presents from the girls at Cappa's factory.

Goveia.

Mrs. E. M. Coe entertained a number of friends at her home on Edge Hill road recently in honor of her sisters, Misses Elizabeth and Mary Macfarlane. About thirty-five guests were present and a very delightful social evening was spent. Prizes in the contests were awarded to Miss Mayme Hackman and C. H. Ward. At the close of the evening refreshments were served. The Misses Macfarlane have returned to their home in Chicago.

MANY NAMES CARVED ON THE COURT HOUSE TOP.

Contractor Goveia Will Save Board
Which Has Bryans' Name—Letters
Were Made Year Ago.

Joseph D. Goveia who is superintending the much needed work of repairing the towers on the County Court house has gathered together a dozen or more short pieces of board taken from one of the towers which have local historic interest. The boards are covered with names and initials carved there a good many years ago and while time and weather have served to almost destroy the lumber the carved letters in many cases are still distinct.

The most prominent of the names is that of William Bryan, Salem, Ill., 1878. Here are some of the other names which appear, part of them with dates and part without: A. Upham, 1877; W. S. D., 1867, A. H. Owings, July 4, 1874, W. D. Jackson, C. Shafer, C. Newman, 1872, W. A. Adkins, E. D. Pyatt, C. G. Rutledge, Nellie Gordon and Emma Simmons, W. S. Pag, Briggs Nash, F. C. Coe, J. W. Ricks, Mathew McNamara, Tim Keating.

THOUSANDS OF CASES OF HOG CHOLERA.

St. Louis, Mo., Aug. 25.—A. C. Wells, government animal inspector, announced today that there are several thousand cases of hog cholera in the district known as Missouri Point, across the Mississippi river from Alton, Ill. The district was quarantined. The Illinois and Missouri veterinary departments are expected to co-operate in stamping out the disease.

BANKERS APPROVE SECURITIES.

St. Louis, Mo., Aug. 25.—Representatives of the St. Louis clearing house association and of the United States treasury today approved approximately four million dollars worth of securities which are to be deposited with the treasury department in return for the \$3,000,000 of the emergency currency to be placed in national banks throughout the west and south to meet the crop moving stringency.

FARWELL & RHINES'

Gluten Flour

Permit a few words of explanation and precaution for our mutual advantage.

The pure food laws of the United States and of individual states demand that flour called "Gluten Flour" for the use of diabetics, and others, shall contain at least 5.6 per cent of nitrogen, this factor multiplied by the factor 6.25 (in use by Analysis) shows the amount of protein or gluten required, to be 35 per cent. Both the physician and his diabetic patient have a right to expect and insist that such a product be furnished. Substitution, carelessness or deception in this matter are dangerous.

Our "Gluten Flour" of superior stock, granulation and manufacture, is made especially for such cases, and contains about 40 per cent of gluten or protein. It is not excelled, if equalled in America or Europe, as diet in marked cases of diabetes mellitus, obesity, rheumatism and other ills arising from excess of uric acid.

STATE HOSPITAL PATIENT DIES OF STRANGULATION

Henry Bapple Passes Away at Institution Sunday Morning—Remains Sent to Springfield.

Henry Bapple, aged 52 years, died at the Jacksonville State hospital Sunday morning shortly after 7 o'clock and according to the verdict of the coroner's jury death was caused by strangulation caused by food and a piece of cloth becoming lodged in his throat.

Deputy coroner John M. Carroll, conducted the inquest with the following jury: John A. Schaub, foreman; Charles Corrington, Arch Norris, W. T. Jones, C. E. Delaplain, and G. L. Masters, clerk. Roy Burke an attendant at the institution, testified that the deceased had been ill for some time and that he had been on the ward with Mr. Bapple since July 16. He said that his partner on the ward called him from the dining room and said that the patient was choking to death and Mr. Burke then called a doctor. He stated that the patient had a habit of tearing up the blankets and chewing them and that a piece of a sheet was taken from his mouth. John Martin, another attendant, was also examined and Dr. Foley testified that the deceased was admitted to the hospital from Sangamon county September 11, 1909.

Mr. Bapple was a well known cigar manufacturer of Springfield. He is survived by his wife, Mrs. Mary Bapple of Springfield; one son, William Bapple of Peoria; and three sisters, Mrs. Kate Englander of St. Louis, Mrs. George Dearborn of St. Louis and Mrs. Lucy McWay of Sedalia, Mo.

The remains were taken to the O'Donnell undertaking establishment and were sent to Springfield Sunday night for funeral services and burial.

Miss Belle Yount representing the Kalamazoo, Mich., union corset workers is in Jacksonville for a few days stay. She is here in behalf of the union workers who have been on a strike for a number of months and her mission is to tell of the conditions in the factory and to urge people not to buy the products of the factory. Miss Yount will visit the stores which handle corsets and then will call upon various women to secure their co-operation. Further she will enlist the support of local unions.

Miss Yount is a young woman of pleasing address and impresses one who meets and talks with her as being sincerely and deeply in earnest in the work that she is doing.

She was one of the twelve women arrested for disregarding a court order and doing peaceful picketing and who served each, from five to thirty seven days in jail. The strike was inaugurated according to Miss Yount's interesting story because of the extremely low wages paid to the greater number of the eleven hundred employees. Some of them she said did not average more than \$2 per week. Wages however, was not the only basis for the strike as the conditions of the factory are said to have been appealingly unsanitary and the moral tone not what it should be. To better these conditions the strike was called and is still in progress. Miss Yount's statements are supported by affidavits.
